IN PEOPLE

Local service. National network. International strength.

In support of
WaterAid

The Nationwide Hygiene Group have supplied and supported the UK and Ireland markets with hygiene products and services since 1986. Further afield, through our joint venture investment in INPACS GmbH, our membership of NETWORK Services in North and Central America and our partners at RapidClean in Australia, we provide an unrivalled supply capability across the globe.

As a group we have service expertise in a wide variety of market sectors, including:

- FM Soft Services and Contract Cleaning
- Healthcare Provision
- Schools and Higher Education
- Central and Local Government
- Industrial Enterprises
- Catering Services
- Commercial & Retail Businesses

Our group structure across the UK and Ireland is radically different from our competitors, and for one very good reason - every one of our 35 nationwide branches are managed and operated by Nationwide group shareholders and more importantly, local-to-you, specialist hygiene supply professionals.

WE'RE RIGHT THERE WHEN YOU NEED US

How can Nationwide help you?

Through our advanced systems and experience we will introduce opportunities to make significant annual cost savings across your entire cleaning, catering, hygiene and business supplies spend. Reduce your management time and effort through our customer facing online systems and enjoy levels of managerial control and oversight you may only ever have imagined possible.

Online Training

Accelerate the pace you can deliver essential training to your team.

Our range of 16 eLearning courses offer highly trusted quality online courses that address the needs of the facilities management, food hygiene, hospitality, retail, manufacturing and public sectors.

We are proud that our training materials are offered in conjunction with CIEH - the global leader in risk and compliance based training and the preferred eLearning supplier for many esteemed organisations in these sectors.

Nationwide courses can be accessed from our website via a standard web browser on desktop, laptop computers or mobile devices.

GREEN CLEAN & CLEVER

The International Environmental Grade

With so many products making green claims, it can be difficult to know which labels you can trust.

The EU Ecolabel managed by the European Commission and authorities in every EU member state is a long-standing and reliable environmental label.

Right at the core of the EU Ecolabel is the life-cycle approach. All of the products and services that display the EU Ecolabel have been designed to ensure their main environmental impacts are reduced throughout the product's life-cycle.

Nationwide[®]

Green innovations

Nationwide Hygiene Group has worked hard with its key manufacturing partners to include within their ranges, ecologically friendly products. Nationwide's aim when developing new products is to help their customers companies improve on waste, and have less impact on our environment.

Green Air Non Aerosol Fragrance Unit

This innovative new product offers a consistent fragrance and due to the way it is manufactured, has a greater intensity. It is designed to last longer and with its multiple fragrance notes that are continuously evolving, fragrance fatigue is now a thing of the past.

Green Air is completely free from any solvents, propellants and expensive batteries. The refills are 100% organic and biodegradable and the dispenser itself is 100% recyclable. The product has won the 2015 Cleaning Show Innovation Award in the Washroom Hygiene category and the Distributor Choice Award 2015 for Sanitary Maintenance Magazine.

Deluxe White Hand Towels

This product is delivered in plastic handy packs that are lightweight and have convenient carry handles. These innovative handy packs will improve health and safety for your staff as the hand towels can be carried around the building much easier than those in boxes and they ensure the hand towels are protected from moisture and contamination. Once the hand towels have been used, why not use the handy pack as a waste receptacle for your washroom waste, reducing your volume of waste, environmental impact and overall costs. These deluxe hand towels also hold the Nordic Swan Eco Label.

Centrefeed

Our centrefeed dispensing system is hygienic, keeping wipes clean whilst minimising waste.

Hand Towels

If hygiene is important to you, our paper hand towels are the right, hygienic choice. Our 1 ply towels are suitable for high traffic washrooms and offer competitive cost per sheet.

Handy Pack

2 ply white deluxe hand towels in their very own plastic handy pack. Protect your hand towels against moisture and contamination and improve staff health and safety with these easy to carry handy packs.

Once you have used your towels, the handy pack can be used as a waste receptacle, reducing your volume of waste, environmental impact and overall costs.

WIPER ROLLS - LARGE DIAMETER

KIMBERLY-CLARK PROFESSIONAL * WYPALL* Wiper Range

WYPALL* X cloths - reusable and strong

The reusable WYPALL* X cloths have great absorbency and are designed to be cost and time efficient. Using our patented HYDROKNIT* material, WYPALL* X cloths are manufactured by entangling pulp and polypropylene together using high-pressure water jets. Creating reliable wipers that keep their shape and can be used again and again:

- Highly absorbent
- Strong and durable when wet and dry
- Resistant to most solvents
- Contain no adhesives or binders, reducing surface residue

WYPALL* L wipers - single-use reliability

When you need a single-use wiper for mopping up spills, cleaning hands and wiping surfaces, this range excels. That's because our unique AIRFLEX* fabric structure, with large air pockets, absorbs more, and is stronger and thicker than a conventional tissue wiper, meaning fewer sheets are needed for each job.

- Unrivalled wet strength
- WYPALL* L wiper range is 19% more bulky than traditional paper wipers
- Superior performance and faster drying time, reducing sheet use by up to 15%
- Task and cost efficient – the preferred choice for 8 out of 10 users.

Product Guide

WYPALL* X90 Cloths 2-ply material gives highest absorbency

WYPALL* X80 Cloths Extra strong, bulky cloths for heavy-duty tasks

WYPALL* X70 Cloths Fast-absorbing, for medium-duty tasks

WYPALL* X60/50 Cloths Created for light duty, general purpose wiping

WYPALL* L40 Wipers Efficient general-purpose single use wiper

WYPALL* L30 Wipers Exceptional performance, excellent value

WYPALL* L20/L10 Wipers For light, precise wiping tasks

KIMBERLY-CLARK PROFESSIONAL®
Rolled Hand Towel Range

Cost effective, high capacity rolled towel systems from KIMBERLY-CLARK PROFESSIONAL® for high traffic areas.

At KIMBERLY-CLARK PROFESSIONAL® we believe sustainability is essential to any business. Many of our products carry the EU Ecolabel which is your guarantee of environmentally responsible manufacturing. Thats why you can feel confident when you buy many of our products that you are supporting a more sustainable world.

Control Roll Systems - Northwood

The control roll system offers a high capacity solution for controlled towel dispensing in medium and high use areas. Simply depress the lever for roll towel dispensing and tear off your personal portion.

These roller towels can fit within the following dispenser: The Artic Control Roll, The Smart IQ Sensor System and the Tear N Dry Arctic Dispenser.

New SCOTT® MAX System

Customer satisfaction, delivered efficiently and sustainably

Highest capacity rolled hand towel system

- 350m long
- 1400 sheets per roll
- Increased dries per roll

The SCOTT® MAX Rolled Hand Towels deliver more sheets and more hand dries than any other manual rolled hand towel system in the market*.

Highest performance

- Less product run out = increased user satisfaction
- Reduced refill events and reactive washroom visits = improved time efficiency
- Low maintenance

THE Healthy WORKPLACE PROJECT

THE HEALTHY WORKPLACE PROJECT® is a programme that we can implement in your workplace that is designed to create a healthier and more engaged workforce. Healthier people are happier, more enthusiastic and more productive.

Product Quality

- Compression technology enables reduced storage & transportation = improved space efficiency
- Towels made with AIRFLEX® Technology absorb water faster than conventional paper towels = effective hand drying & increased tenant satisfaction
- EU Ecolabel is your guarantee for environmentally responsible manufacturing = helping you support a more sustainable world

HAND TOWELS

Tork Matic® Hand Towel Roll system is a high performance hand drying solution which is ideal for the busiest washrooms, such as in schools, airports, and industry.

The high capacity system dispenses a high quality absorbent hand towel which reduces usage and therefore cost-in-use. The stub roll function allows all the paper on the roll to be used up. The hand towel roll dispenser is part of the Tork Elevation dispenser range, and when coupled with coordinating toilet paper and soap dispensers provides, a clean and effective hygiene solution.

- Single sheet dispensing reduces consumption and wastage – reduces overall costs
- Stub roll feature – no wastage of roll end
- Superior hygiene – only touch the sheet you use
- Environmental accreditation
- Tork Easy Handling™ packaging makes boxes easy to carry, open collapse and carry away

TOILET TISSUE - LARGE ROLLS

NORTHWOOD DISPENSERS

All paper that fits in these dispensers is made from 100% recycled material.

- 1. LEONARDO RESERVA DISPENSER
 - Ideally suited to high volume environments
 - Eliminates stub roll waste - product need never run out
- 2. LEONARDO TWIN JUMBO DISPENSER
 - Popular high capacity choice for retail and travel areas
 - Twin roll so you need never run out
- 3. LEONARDO VERSATWIN DISPENSER
 - Controls usage by allowing access to only one roll at a time.
 - High traffic capability, low maintenance.

FACIAL TISSUES

KIMBERLY-CLARK PROFESSIONAL* Facial Tissues

At KIMBERLY-CLARK PROFESSIONAL* we believe sustainability is essential to any business. All of our facial tissue products carry the FSC label highlighting our commitment to responsible fibre sourcing and to reducing the environmental impact of our manufacturing processes. That's why you can feel confident when you buy many of our products that you are supporting a more sustainable world.

TORK SOAP SYSTEMS

Tork hand care systems

Tork hand care systems are high performance solutions suitable for all washroom and kitchen areas. The sealed bottle and single use pump prevent the unhygienic practice of refilling thus eliminating the risk of product contamination. The bottles are designed to collapse as the bottle empties ensuring all the product is used and reducing volume for waste disposal. Most soaps carry eco label accreditation and help you achieve your sustainability aims. The dispensers are part of the Tork Elevation range with matching toilet paper and hand towel dispensers for a co-ordinated look.

S1/2 Tork Liquid Soap System

Tork liquid hand care systems are suitable for medium to low traffic areas. The 1L and 475ml systems include soap, hand lotion and shower gel which are dispensed in controlled doses.

- 1L: 1000 doses per bottle (S1 system)
- 475ml: 475 doses per bottle (S2 system)

S4 Tork Foam Soap System

Tork foam soap hand care system is suitable for high traffic areas. The 1L system is dispensed in controlled doses, and the range includes an Antimicrobial formulation which is a 2 in 1 soap and hand sanitiser, active against harmful bacteria, fungi and viruses.

- 1L: 2500 doses per bottle (S4 system)

S11 Tork Spray Soap System

Tork spray hand care systems are suitable for high traffic areas, with 3000 washes per refill it reduces refilling.

- 1L: 3000 doses per bottle (S11 system)

www.debgroup.com

LIQUID SOAP

Deb have developed a range of 'Cleanse' products which are suited to meet the specific cleaning needs and preferences of each workplace environment.

All dispensers are colour coded to help visually identify the product type.

BioCote® protected

All Deb dispensers are exclusively protected by BioCote® - a silver-based antimicrobial agent that is incorporated into the plastic components at the time of manufacture and inhibits the growth of a broad spectrum of bacteria and moulds. BioCote® will not wear-out or rub-off and is effective for the lifetime of the dispenser.

DEB CUTAN RANGE - HEALTHCARE REGIME

Healthcare Regime
In recent years there has been an increasing focus on improving infection prevention and hand hygiene in healthcare settings. There are two key issues that healthcare hand hygiene is concerned with:

Patient Care - ensuring that the hands of staff are clean and decontaminated as appropriate; helping to prevent the spread of harmful bacteria and viruses.

Staff Care - with the high frequency of hand washing and hand sanitising demanded, ensuring staff maintain good skin condition can be a challenge. Poor skin condition reduces levels of hand hygiene compliance and increases the risk of life-threatening infections being spread.

Good skin condition increases compliance and helps to reduce the risk of hospital acquired infections being spread. The Cutan range is a dedicated range of skin hygiene products specifically for healthcare workers, designed to:

- Raise the levels of hand hygiene compliance
- Improve skin condition
- Reduce the risk of germs being spread
- Deliver low cost in use

The Cradle Skin Care System

The Deb Skin Safety Cradle is a compact and complete 3-step skin care system and can be conveniently fitted inside vans or work cabins. The products do not require running water.

WASHROOM CLEANERS

Breakdown
Combination Cleaner (with enzymes)

Breakdown safe combination cleaner removes both nasty odours and organic staining from a multitude of surfaces in commercial, industrial and domestic environments. Breakdown uses safe bacteria to degrade organic waste that may be the source of malodour. It is also highly effective for natural and safe organic stain removal from carpets and fabrics.

3 12980

4 13870

5 11270

Purge Urinal Trap Treatment

Purge sachets are designed to help unblock urinals and shower cubicles by breaking down organic waste and releasing enzymes. They contain a biologically concentrated active powder formulation that is designed to speed up the degradation of paper, protein and waste products and help clear blockages in systems where there is slow drainage.

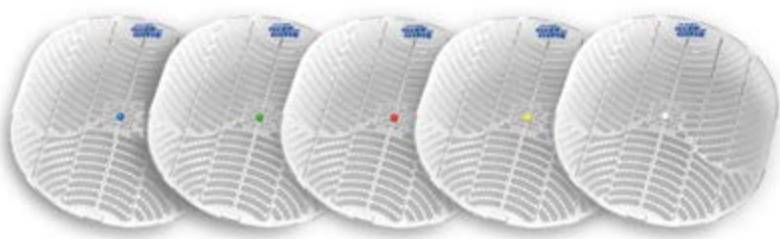

6 13120

7 13010

Fragranced Urinal Screen

Designed specifically to help maintain excellent hygiene standards in and around urinal bowls in men's washrooms, this discreet fragranced screen acts as a net to catch debris such as chewing gum, cigarettes, paper and other refuse. It keeps urinals smelling fresh for up to 30 days, and an angled anti-splash texture helps to keep the locality dry & clean.

AIR FRESHENERS, NON-AEROSOL DISPENSERS & REFILLS

1 71215

2 12840

11450

11460

11470

11480

Green Air Multi-Phasing Solid Fragrance Cartridge

Green Air is completely free of any solvents, propellants, HFCs and harmful volatile organic compounds (VOCs). The refill is 100% organic and biodegradable and the dispenser is 100% recyclable. It doesn't rely on gravity – all it needs to work is natural airflow. A ceramic capsule is infused with high quality perfumes, then complemented by an integrated internal fragrance core. These combine and diffuse powerful key fragrance notes that are subtly different.

4 13116

Green Air Environmentally Friendly Non-Aerosol Fragrance Unit

Green Air is a non-aerosol passive fragrance system that provides up to 60 days of continuous fragrance. Green Air utilizes multi-phasing, sub-micron technology. It is VOC exempt and waste-free, and contains no batteries in either the dispenser or the refill. It contains no liquids so won't spill, which ensures safety in use and in transportation. It is also unaffected by climatic conditions, the most common cause of passive cartridges failing.

AEROSOL DISPENSERS & REFILLS

I.P.E.™* Automatic Aerosol Dispenser

Designed to ensure facilities smell fresh and clean whenever a fragrance is required, the dispenser automatically delivers small bursts of fragrance at specific intervals in order to keep bad odours at bay. Flexible and easy to use programming options mean it can be set to match your exact location conditions.

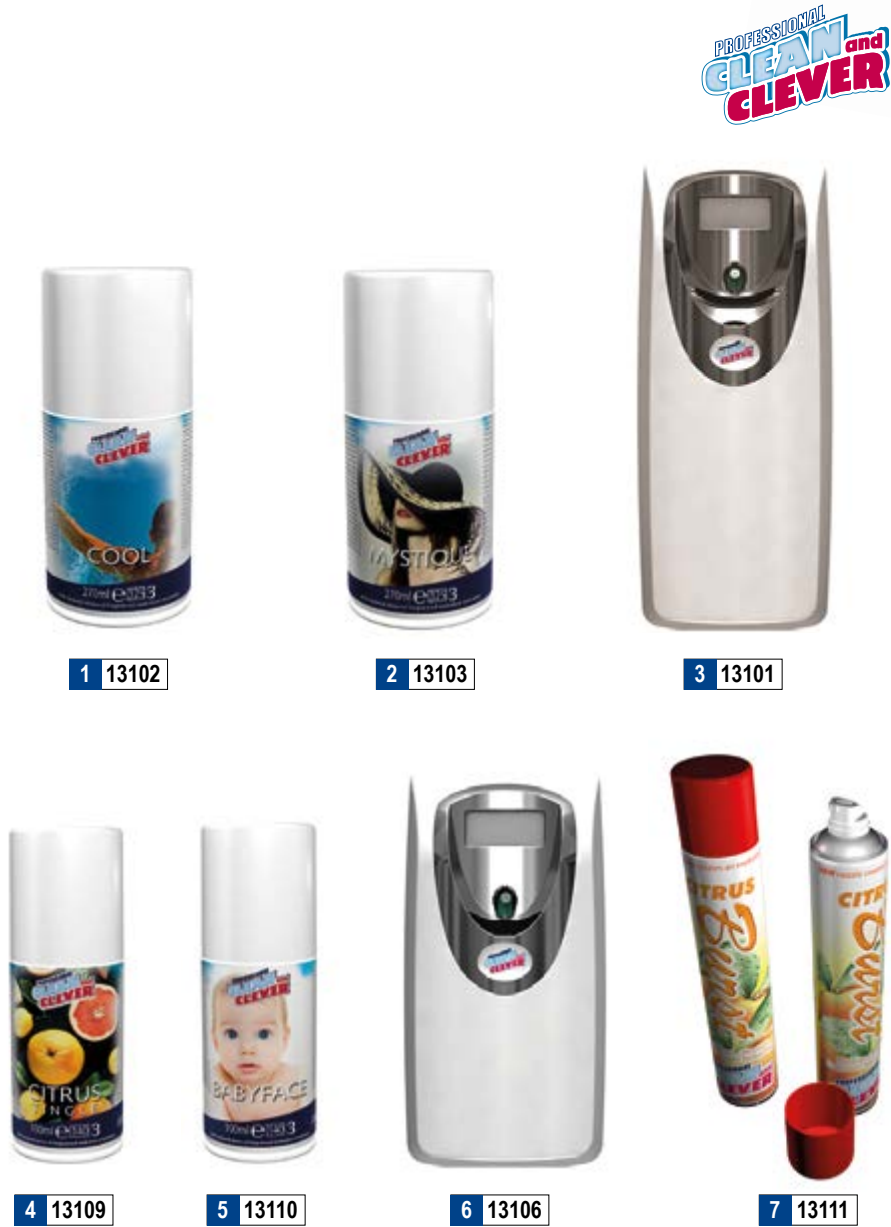

Metered Aerosol Fragrance Refills 100ml and 270ml

Each refill contains 3000 metered sprays and is effective in room sizes up to 200m³. All fragrances are modern, unique and long lasting. Refills are suitable for use in the Automatic Aerosol Dispenser and other aerosol air freshener dispensers.

Large Space Aerosol

Particularly suitable for large areas of up to 1200m³, Clean and Clever Burst is ideal for when a fast and effective solution is needed. Clean and Clever Burst works to eliminate pungent odours with just one explosion of fine fragrance. It can also be sprayed onto most hard-wearing fabrics.

*IPE™ (Intensity Plus Event) is an option to programme an extra period of enhanced fragrance delivery per day of an additional 4 x sprays in quick succession (eg. During busy periods).

IF YOUR DOSING CONTROL DOESN'T MEASURE UP, IT'S NOT EXACT

- Accurate dosing every time controls cost-in-use
- Reduce your daily cleaning range to just three products
- Colour coded for ease and safety
- 'Bag in a box' refills reduces packaging waste
- Simplicity of use

EXACT. Concentrated thinking from Diversey.

Exact

AUTOMATIC ODOUR & HYGIENE CONTROL SYSTEMS

PROZONE® OZONE GENERATOR

Prozone® is an automatic ozone generator that cleans and rejuvenates the air we breathe, refreshing the atmosphere and bringing outdoor freshness indoors. It is designed to eliminate unpleasant smells and kill up to 99.5% of airborne viruses in a variety of locations, including care homes, hospitals and veterinary clinics.

The ozone produced by Prozone® destroys harmful micro-organisms and breaks down odour-causing compounds – therefore neutralizing the unpleasant smells they produce. Prozone® is the first ever ozone generator to have been approved by TÜV SÜD to the standard BS / EN60335 parts 1 and 2, meaning it is both electronically and environmentally safe.

AUTOMATIC AIROMA® AEROSOL ODOUR CONTROL SYSTEM

Airoma® keeps odours at bay by automatically delivering small bursts of fragrance at specific intervals whenever fragrance is required. The dispenser is fully programmable allowing costs to be fixed. Users can choose how many aerosol cans they would like to use per year, by selecting exact start and stop times, at any time of the day. A patented I.P.E™ facility enables programmable fragrance intensity, by allowing users to program one period of enhanced fragrance delivery per day to suit location requirements.

AIROMA® FRAGRANCES

Airoma® fragrances are modern and offer style and impact options to match all preferences. With up to 3,000 sprays per refill, all Airoma® fragrances are complex, unique and long lasting. Aerosol fragrances combine with the Airoma® automatic fragrance dispenser and are grouped into four ranges – Classics, Fruits, Oriental and Airoma® Therapy & Spa.

MICRO AIROMA® DISPENSER STARTER PACK

The Micro Airoma® dispenser starter pack consists of one dispenser, one refill and two batteries. Micro Airoma® automatic fragrance dispenser is fully programmable and automatically delivers small bursts of fragrance at specific intervals whenever fragrance is required.

HYGIENE CONTROL SYSTEMS

BABYMINDER® HORIZONTAL BABY CHANGING TABLE

Installing a Baby minder® changing table provides parents with a safe, convenient and hygienic baby changing facility in away from home locations. Providing baby change facilities in places like hotels, restaurants and airports is now considered to be of equal importance as the provision of other essential hygiene facilities. All Baby minder® tables are independently tested and approved to applicable global safety standards (EN, ASTM and ADA).

QUADRASAN® URINAL AND WC CLEANING & DOSING SYSTEM

Quadrasan® is a cleaning and dosing system that provides continuous programmable maintenance ensuring toilet and urinal fixtures remain clean and odour free. Through its innovative, secure and modern design, the highly effective Quadrasan® is designed to work in a variety of locations without disrupting the surrounding environment.

QUADRASAN® AUTOMATIC CLEANING & DOSING REFILL

Quadrasan® 300 is a concentrated cleaning formulation that produces a good foaming action that counteracts the formation of scale and attacks malodours at source.

SAFESEAT® TOILET SEAT CLEANING SYSTEM

Even seemingly clean toilet seats harbour vast numbers of harmful bacteria. Easy to use Safeseat® provides the individual with the opportunity to clean the toilet seat effectively before use. Sprayed onto toilet tissue the pleasantly perfumed Safeseat® chemical is ultra-quick drying allowing use of the facilities immediately after cleaning has been completed. Each refill has the capacity for 1,000 cleaning operations.

AIROMA® BURST AEROSOL

The Airoma® BURST collection of hand held aerosols eliminate pungent odours quickly and effectively with just one explosion of fine fragrance. The large hand held Airoma® BURST air freshener is particularly suitable for large areas because its large nozzle creates a short and powerful burst to fragrance a room instantly. One spray of Airoma® BURST is effective in room sizes up to 1200m³.

AIRCARE SYSTEMS

Aircare range
The AQUARIUS* Aircare system with five distinctive fragrances has been designed to elevate your workplace experience through a minimalistic dispenser design and a range of sophisticated fragrances to choose from.

TOILET AIR CARE PRODUCTS

Waypoint - P-Wave
These new P-Wave air care products are an innovative range where the plastic itself is impregnated with the fragrance.

The technology is very versatile, economic, effective and sustainable. All products keep their fragrance for 30 days, and the new Easy Fresh 2.0 dispenser helps to release a consistent level of air freshener over the 30 days by controlling the fan. In week one the fan turns sparingly and increases over time until in week four the fan turns constantly.

- Features:**
- Fan dispenser gives constant and consistent fragrance over 30-days
 - 30-day program, press once to set and forget
 - Red LED blinks when cover need changing
 - Discrete audible alert if cover not changed by day 33
 - After 30-days, press button to release cover and reset program

ROOMCARE SYSTEMS

Roomcare is a total system designed to offer the complete cleaning solution to all housekeeping, cleaning, sanitising and polishing problems.

Taski Roomcare Dispensing System

Using the same dispenser as the well-known Diversey Divermite Catering System, a twin dose is used for the special 300ml trigger sprays, with the "key-neck" system to prevent use with the wrong concentrate. The concentrates are supplied in easy to load, easily disposed pouches - reducing plastic waste.

- Divermite S Dispenser for dispensing into spray bottles or buckets.

BUILDING CARE

Diversey SmartDose System

Smartdose is a simple, maintenance free, portable dosing system without the need for any equipment installation. The patented "smart" pump and bottle design delivers an accurate dose of concentrated product. SmartDose allows for 2 different shot sizes making it suitable for bottle, bucket, machine and sink filling

Diversey Exact System

Exact dispenses the same dosage each time for your cleaners' bottle, buckets or scrubber driers. The lightweight bottle uses a measuring cap that consistently dispenses the same amount of concentrate and is easily refilled from the Exact cubitainer, allowing the best Cost in Use.

Robert Scott Trigger Sprays

600ml and 750ml capacity with calibrations for easy chemical dilution. HD Polyethylene construction.

Ounce-a-matic Pump Dispenser

For accurate delivery of a wide variety of highly viscous products such as hand soaps, detergents, cooking oils, food relishes, waxes and cleaning chemicals. Lock-down pump head provides leak-proof shipment of product with pump in-situ.

LAUNDRY PRODUCTS

Laundry Powders

Clean and Clever Biological and Non-Biological powders are both zeolite based, phosphate free laundry powders which are kinder on the water courses and our natural environment. Both high quality powders have active fizz technology to help remove the most stubborn stains.

Our non-biological powder is dermatologically tested and its anti-allergenic formulation makes this the ideal choice for all those with sensitive skin.

Laundry Liquid

Clean and Clever Laundry Liquid is a pleasantly perfumed premium grade clothes washing liquid detergent for use in all automatic washing machines.

Fabric Conditioner

Clean and Clever Fabric Conditioner is a pleasantly perfumed fabric softener for use in automatic clothes washing machines. It contains an effective anti-static agent helping to reduce the problem of static cling and resoiling.

CARPET CLEANING

Citrus Gel
A citrus solvent and detergent based liquid gel spot remover for oil, grease, tar, gum and other oily spots on carpet and fabrics. White gel with citrus fragrance. Ready-to-use pH 5

Lemon Refresh
Concentrated fragrance additive which can be added to extraction, shampoo or any general cleaning solution. Lemon fragrance. Dilution 1 to 100 pH 8

Crystal Green
Non-ionic carpet extraction detergent for spectacular results on tough, oily and greasy soils. Green powder with herbal lemon fragrance. Dilution 1 to 666 pH 9.5

Coffee Stain Remover
Acidic spotter for tea, coffee, beer, tannin, water marks and other yellow and brown discolorations on carpet and fabric. Lemon fragrance. Ready-to-use pH 2.5

Stain Pro
Heavy duty water and solvent based alkaline protein spotter for blood, vomit, wine, ink, fresh tea and coffee and most food based stains. Mint fragrance. Dilution 1 to 1 or ready-to-use pH 10.5

Multi Pro
Professional general purpose pre-spotter and traffic lane pre-spray for carpets. Apply by sprayer to all heavily soiled areas before machine cleaning. Citrus mint fragrance. Dilution 1 to 8 pH 10.5

Extraction Plus
Low foam cleaning concentrate for carpet soil extraction machines. Clear and stable at high temperatures and dries to a powder residue. Citrus fragrance. Dilution 1 to 100 pH 8.5

Urine Neutraliser
Acidic deodorant for neutralising and deodorising urine by direct application. Neutralises odour from urine deposits on contact and prevents staining. Fresh fragrance. Dilution 1 to 1 or ready-to-use pH 4

Odour Fresh
Professional formula with high quality deodorisers which can be added to any carpet, fabric or general cleaning solution. Floral fragrance. Dilution 1 to 100 pH 7.5

Double Clean
Concentrated heavy-duty extraction detergent, formulated for optimum performance in cleaning heavily soiled carpets. Contains high quality anionic and non-ionic surfactants, alkaline builders and corrosion inhibitor. Blue powder with citrus mint fragrance. Dilution 1 to 666 pH 9.8

Ultrapac Renovate
Special pre-spray product for the removal of dry soot, carbon, fire residues, filtration soils and draught marks on carpets, fabrics and hard surfaces. Red liquid with floral fragrance. Dilution 1:20 to 1:50 pH 10.5

PROFESSIONAL BRAND FLOOR CLEANERS

Flash Floor Cleaner
Brilliant everyday value. Suitable for use with scrubber driers and wet mopping systems.

Flash Floor Cleaner with Bleach
Two in one: cleaning and disinfection.

Enhance Carpet Foam Shampoo
Fresh apple fragrance. Suitable for both wet and dry foam shampooing. Woollsafe approved with odour neutralising technology.

Enhance Extraction Cleaner
For heavy duty cleaning with built in anti-foam. For use in extraction machines. Woollsafe approved with odour neutralising technology.

Enhance Spot & Stain Remover
Removes all common stains from any type of carpet. Woollsafe approved with odour neutralising technology.

Carefree Undercoat
An effective seal for all types of porous floor, prior to application of an emulsion floor polish.

Carefree Eternum
A low maintenance, high gloss floor polish. Triple polymer formulation with 22% solids.

Carefree Satin Floor Polish
Excellent resistance to scuffs, marks and dirt. Unique polymer technology which provides "hardest ever" polish film for outstanding wear and longer life.

Carefree Emulsion Floor Polish
A versatile floor protection suitable for most types of floor. Mid gloss polish with 18% triple polymer solids.

Carefree Buffable Floor Maintainer
A water based buffable floor polish. High wax content to give maximum shine. Suitable for use on all floors.

NUMATIC - SCRUBBER DRIERS & ROTARY MACHINES

Twintec Battery TTV 5565 Battery Scrubber Drier
The optimum walk behind auto-scrubber with a range of advanced, yet practical features. This machine can be set to operate at either 55cm or 65cm scrubbing width. In normal operation the machine delivers a constant 40kg of brush pressure but there is also a heavy duty spot cleaning feature; allowing the operator to select a 50kg override setting at any time should it be required.

Twintec Battery TTB 1840 Battery Scrubber Drier
This machine has been engineered to substantially reduce size whilst at the same time maximise the performance and handling. With the total freedom of 24v battery, cable free operation, this machine will get into areas and places that other machines simply will not go.

Hurricane HFM1515 Rotary Machine
A genuine workhorse that will take almost anything in its stride. The full 1500w motor unit packs almost 50% more power than normally required and this power is transmitted to the floor through a 150rpm oil filled gearbox.

Twintec TT4045 Scrubber Driers
Compact 40 litre capacity scrubber drier on a full stainless steel chassis. This range has a 450mm working width and is available in both cable and battery versions. All machines have a fully floating squeegee tool leaving the floor clean and dry.

Twintec TTQ 1535S Scrubber Drier
Cable machine designed to be compact and exceptionally manoeuvrable with oversized transit wheels. 15 litre capacity scrubber drier with a 350mm working width.

Twintec Vario TTV 678
User friendly ride-on scrubber drier which can be set to three different working widths (650mm, 750mm and 850mm) all with a simple lever. Large 120L water capacity. 3.5 hour run time.

Handsome barrier mats welcome guests and staff alike whilst protecting your valuable floor surfaces.

The larger the mat the less harmful dirt, dust, grime and moisture will gain entry into your building, greatly reducing wear to floor surfaces and lessening cleaning costs. Remember first impressions count!

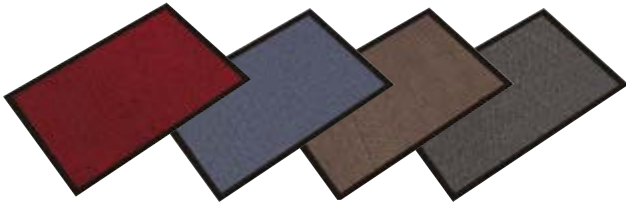

1. FrontGUARD Washable Luxury Matting

Stylish matting with a luxury high-pile finish. Stops dirt at the door and holds moisture too. 9mm pile in 100% polyamide. Flexible PVC anti-slip UV resistant backing. Washable in an industrial machine up to 30°.

	FrontBRUSH Matting	Each	120 x 240cm	10430	10431	10431

BARRIER MATTING

BARRIER MATTING

By removing dirt and soil at entrances, barrier mats can have a significant effect on both the daily cleaning requirement and the life of the flooring or floor finishes in the building. They also improve safety by removing the dust or moisture that could otherwise cause slip problems on hard floors.

COLOUR-CODED NON WOVEN CLOTHS

Colour Coding System For Hygiene

The aim of a product colour coding system is to help prevent cross contamination during the cleaning process. It is vital that a system forms part of an employee training programme and day-to-day working. The colour coding of cleaning products is a simple but important step that will make a large contribution to hygiene standards and help with the elimination of cross infection. A proper colour coding system is also recommended for use by the HSE.

COLOUR-CODED MOPPING

NEW Vileda Supermop Ag

Heavy duty version of the UK's best selling mop with new modern design, zig zag edges and 30% better dirt pick up. Also contains silver to inhibit bacteria growth on the mop, keeping it smelling fresher for longer.

Ultraspeed Pro System

Combines intensive microfibre cleaning with a revolutionary new press that removes more water from the mop heads and allows floors to dry faster, and be back in use quicker- vital for daytime cleaning- and all without complicated gears which are often liable to break. Low initial investment, high durability and above all fast, efficient wringing and mopping, result in great cost efficiency from day one. VoleoPro has been designed for use in sites that require more than a bucket and a wringer but do not have the space for a full trolley solution. VoleoPro is small and compact whilst allowing users to clean, collect rubbish and has buckets to store chemicals, cloths etc. It comes complete with UltraSpeed Pro mopping system which includes 25L bucket & wringer, mop frame and microfibre mop pad with colour code tags and 70ltr bin bag (mop handle sold separately).

COLOUR-CODED MOPPING

Ultraspeed Mini

Small in size, big in performance!

UltraSpeed Mini is designed for small area cleaning tasks (10 – 30m²) with its lightweight, ergonomic design and high performance microfibre cleaning. It can reduce mopping times by up to 62%, reduce cleaning costs and get floors back in use twice as fast, compared to traditional mopping systems.

The compact 10L bucket and flat mop makes it ideal for offices, cafes, restaurants, small retailers and reception areas. The safe mop is designed to remove dirt from rough and safety floors before mopping making it ideal for corridors and washrooms.

Interior Cleaning Kit

The Vileda Interior Cleaning Kit contains all you need to clean interior surfaces including glass partitions, stainless steel, mirrors, tiles, tables, whiteboards and many others.

HYGEN FLEXI FRAME

Rubbermaid
Hygen Flexi Frame

Clean faster and more effectively with new Rubbermaid HYGEN Flexi Frame. The frame conforms to curved surfaces for better pickup of dirt and debris.

- Frame flexes to clean both contoured and flat surfaces.
- 4 specialised mops for every cleaning need
- Patented arc shape pulls dirt, hair and debris towards the centre for better pickup.
- Proprietary flexible compound will not crack or split, even when use with bleach or peroxide.
- Use hand-held or with Rubbermaid HYGEN Quick Connect handles and extension poles, excellent to clean hard to reach areas

Rubbermaid PULSE™
MICROFIBRE FLOOR CLEANING SYSTEM

Clean twice the area with the most productive floor cleaning system.

On-board reservoir:
Clean up to
80m²

Combine with Backpack:
Clean up to
740m²

Combine with Caddy:
Clean up to
930m²

CLEANING ANYWHERE,
AT ANY TIME,
IN ANY SITUATION

MOPPING - PULSE MOPPING SYSTEM

Rubbermaid
Single Sided Pulse
Mopping System

Rubbermaid's PULSE mop is the ideal tool for spot cleaning: 50% faster than a traditional mop and bucket. Industry-finest microfibre, on-board reservoir, and user controlled release of solution mean more efficient cleaning and lower labour costs.

- Press the trigger handle to dispense three streams of cleaning solution behind the mop
- High capacity refillable reservoir holds 0.6L of solution to clean up to 80m² of floor space.
- Only weighs 1.7kg when fully loaded with solution.
- The High-capacity FLOW Backpack system is ideal for spot cleaning and to clean anywhere you can not take a bucket. Holds 5.6L for cleaning up to 820m² of floor surface.

Rubbermaid
Double Sided Pulse
Mopping System

Double sided microfibre mops designed for use with Rubbermaid PULSE microfibre floor cleaning system with double sided frame. Superior durability offers best cost in use. Cleans floors 45% better than string mops. Best-in class microfibre design provides consistent streak-free coverage. Double sided design covers up to 45m². Colour coded ribbons help the user to manage cross contamination.

COMBINE SYSTEMS

With the new SYR Combine Systems Flat mops & Kentucky mops can be used within one system, giving you the best of both worlds. The Combine Systems have many other groundbreaking features such as: Portion control, clean water mopping with deep sump under a heavy grid, ergonomic height with 'no strain' leverage, pick up and go handle on wringer, optional side tool carriers and colour coded to reduce cross contamination.

The Combine 1 can be made into a mobile trolley system by attaching the lobby dustpan to the back of the wringer as shown. The lobby dustpan allows you to sweep and collecty dirt, dust and litter easily. Long handles minimise stooping and the extra large dustpan offers plenty of litter capacity. 7 litre Klingon buckets can also be attached to Combine 1 and 2, to carry extra tools or required PPE etc...

SPRAYGEE, PAL O MINE & BUCKETS

Pal-O-Mine

Pal-O-Mine Sponges

Pal-O-Mine acts an eraser on dirt and is able to clean areas which would usually be deemed 'uncleanable'. The revolutionary sponge gets into microscopic grooves of surfaces and deep cleans that area.

Spraygee

- Can be used on internal windows, glass areas and a multitude of hard surfaces
- Surfaces are left perfectly clean, instantly dry and smear free
- Used globally by fast food outlets
- Proven to be 50% more efficient than using paper products
- Tuf-Ring fitting on tool makes it compatible with Interchange Handle for above height cleaning with hand spray atomiser which is used to moisten the surfaces which are to be cleaned with a fine spray.

FOOD & BEVERAGE

Vikan's effective, efficient and durable products are driven by the needs of the end user in premises where foods are being produced such as dairies, bakeries, abattoirs and food processing and manufacturing facilities, and there is a heavy demand on hygiene.

Vikan's colour coded tools are developed in close collaboration with customers as they strive to better their cleaning performance, improve standards of hygiene and eliminate microbial and cross contamination issues.

ULTIMATE RESIN SET BRUSHWARE

Plus ULTIMATE Resin Set
Why choose resin-set?
No other manufacturer in the world employs Resin Set DRS technology along with food grade stainless steel staples. Each tuft is stapled into the brush back and then epoxy resin is floated in. The resin seals the face of the brush, secures the filaments, and prevents the accumulation of dirt or moisture in the holes.

- Designed for areas with high safety requirements such as Food Production Facilities
- Total prevention of dirt, moisture and bacteria in the tuft holes (DRS)
- Prevention of filaments being removed
- Supreme quality and durability
- Products are easier to clean
- Total Colour Coding for segregation and HACCP compliance
- The Ultimate safety solution

CLEANERS TROLLEYS

Cleaner's Trolleys

Multi purpose trolleys to satisfy the wide diverse demands of the cleaning industry.

271 Port-a-Cart Cleaners Trolley

Complete with 100l vinyl flame resistant waste bag. Support tray with three custom designed structural plastic trays with clips to hold equipment and utensils.

371 Vega Rapid Response Trolley

Compact, lightweight and versatile multi-purpose trolley, yet fully loaded to tackle emergency spillages in places like supermarkets, or out front cleaning tasks. The professional approach to cleaning:

- Mopping unit 28 litre capacity
- Trays to hold cleaning materials
- Sundry buckets for quick wipe-downs
- Rear waste bag holder to clear and hold debris
- Easy to manoeuvre - 75mm (3") castors
- Compact design-smaller

Jolly Trolley

Suitable for all your professional cleaning needs with three levels of storage and removable wash bag. This trolley, made from an extra strong robust plastic frame, has space for a Kentucky bucket and wringer, and has clips for hanging brooms, wet floor signs etc.

- Litres 113
- L: 112cm. W: 50cm. H: 95cm

184 Structocart 'Carry All' Mobile Cleaners Trolley

Includes yellow vinyl flame resistant waste bag. All structural plastic 3" swivel castors at front, 8" fixed wheels at rear. Also available: Safe Box: Lockable storage cabinet, steel construction prevents pilferage and keeps potential hazardous chemicals out of harm's way.

52 Service Cart

Highly versatile, ideal for moving bulky items in retail stores, laundries, hotels, hospitals and waste management. Strong and durable steel frame, complete with 320L translucent heavy-duty vinyl bag, tray support and 100mm (4") swivel castors. Quickly folds away for convenient space-saving storage.

CLEANERS TROLLEYS

VersaClean Systems

Dedicated systems to assist with your maintenance planning, offering a place for everything, raising standards for the benefit of all.

VersaClean Mini Trolley

The VersaClean Mini Trolley is an exceptionally compact service module designed to be used where the primary object is to clean and to be seen to be clean.

The standard specification is based on a steel reinforced Structofoam base unit and is equipped with Numatic's universal 120-litre single or 70-litre twin dual waste unit and a pair of convenient 5-litre red and blue swing pails.

VersaClean Midi Trolley

The Midi is exceptionally compact yet has the added advantage of additional storage capacity for all those essential cleaning materials and provision for a pair of 6-litre red and blue pails supplied.

The same specification as the VersaClean Mini Trolley, but with a pair of convenient 6-litre red and blue pails.

VersaClean Maxi Trolley

The complete structure is based on a full Structofoam chassis, 100mm heavy duty castors and rotating corner protectors, a tubular epoxy-coated steel superstructure, deep and generous adjustable tray units, 4 x 5-litre top pails (2 x 10-litre pails optional) and universal dual waste system providing a choice of either single 120-litre or twin 70-litre waste disposal. The waste system is easily folded for compact storage.

VersaClean Master Trolley System

Strong, structofoam construction, waste unit, half trays, red, blue, green and yellow 5L buckets.

ALL TROLLEYS ARE COMPATIBLE WITH KENTUCKY, FLAT AND IMPREGNATED MOPPING SYSTEMS

VersaClean Allmops Vertical Press Kit

Available for the above trolleys. Includes an Allmops vertical press, a 22 litre blue bucket and a 22 litre red bucket.

VersaClean Speedclean Wide Press Kit

Available for all the above trolleys. Includes a wide 22L red dirty water and rinse bucket, a matching 15L blue clean water bucket and a SpeedClean widepress, equally effective with either loop or microfibre mops.

Cleaners Trolleys - Numatic

2	VersaClean Midi Trolley	97002	Each
3	VersaClean Maxi Trolley	76830	Each
	VersaClean Trolley System Comes with 200mm (8") All-Terrain castors	12028	Each
4	VersaClean Allmops Vertical Press Kit Has one red and one blue 22 litre bucket	97004	Each
5	VersaClean Speedclean Wide Press Kit	97005	Each

CLEANERS TROLLEYS

VersaCare Systems

Providing the housekeeping fraternity with a wide choice and variety of service units that meet the needs of the vast majority of applications without compromise.

ServoKeeper Laundry Trolley

All Servo-X trolleys can be easily folded for storage and the laundry bags themselves can be removed, incorporating drag handles and top closure system.

Carousel NC4

The full colour-coded cleaning mobile that really does allow "full" control of the cleaning programme in all applications. Hotels, for example - bedrooms one colour, bathrooms another colour, WCs yet another... a place for everything and everything in its place. Two large and two small twin compartment caddies all together but all easily detachable as required.

Carousel Swingtop

Strong structofoam construction, 3" non-marking castors, 15L dolly bucket, 70L waste bin, 4L caddy, twist mop and handle included.

Xtra Compact

Where mopping facilities are not required, this compact trolley provides maximum storage capacity - allowing for the efficient servicing of offices and other accommodations.

Strong structofoam chassis fitted with non-marking castors, protective buffers, 2 full size deep trays, 120L waste sack assembly and 2 x 10L pails.

TwinMop

The Twinmop is a twin 28/15L mopping trolley but with the addition of an onboard, lidded, 30-litre waste system, full size top caddy and one 5-litre pail... here you have a full, super compact, total cleaning system.

Cleaners Trolleys - Numatic

SAFETY SIGNS

Floor Safety Signs – Nationwide

Perfect for providing warning of potential slip and trip hazards that might occur after floor cleaning or spills. These signs are easily visible in eye-catching bright yellow rigid plastic with vivid red/black graphics on either side. Folding A-frame requires no assembly, folds flat to store and transport on cleaning trolleys

Floor Safety Signs – Rubbermaid

- “Caution” warning messages printed in English, French and Spanish for effective communication to broad audiences
- Folding design for convenient storage or transport on Cleaning Carts
- Two models of wooden signs with an elegant and sophisticated design perfect for the hospitality environment

Pop Up Cone – Rubbermaid

- Storage tube for easy and compact storage
- Can be wall mounted (mounting hardware includes tape and screws)
- Bold colours, graphics and multilingual warning messages
- Collapses safely if weight is dropped on it

To Hanging Safety Sign – Rubbermaid

- Torsion action to secure pole – maximum extension up to 112cm to fit all single commercial doorways
- Durable materials for long product life
- Soft, pliable sign for ease of use and storage
- Multilingual “Closed for Cleaning” warning messages – English/Spanish on the front – French/English on the back

Hanging Safety Sign – Robert Scott

This essential ‘Closed for Cleaning’ warning sign forms a perfect barrier to prevent unwanted entry whilst cleaning is in progress.

- Manufactured from strong, resilient but flexible materials for long-life and effortless use.
- Sign simply ‘rolls-up’ and packs away for easy storage
- Telescopic pole to suit door widths from 27” to 53”

SAFETY SIGNS AND SPILL SYSTEM

Mobile Barricade – Rubbermaid

- Easy to use, easy to see, easy to move, easy to store
- For indoor use
 - 4 metres long with 16 articulating panels
 - 2 non-marking wheels for quick deployment
 - 4 locking straps to secure barrier in closed position
 - Lightweight – 15kg
 - ANSI compliant colour and graphics
 - Comes ready assembled

Over-The-Spill System

Slip resistant pads quickly cover spills.

Over-The-Spill Pad Tablet

- Tablet mounts easily onto any ‘A’ frame floor sign or any flat surface
- Perforated pads are easy to remove
- Each medium size pad absorbs up to 0.34L of liquid
- Mildew resistant pads hold to floor even when saturated
- Higher capacity of 25 pads saves time for refilling.

Over-The-Spill Station Kit

- Station mounts easily to a flat surface
- Durable corrugated plastic construction
- Quick reference usage drawing
- Large parts absorb up to 0.45L of fluid per pad
- Refillable dispenser

Lobby Pro Wet/Dry Spill Pan

Provides the ability to clean any type of spill, solid, liquid or both, without having to bend or touch the spillage.

- 2L capacity smooth-skin spill pan with sloping front end
- Spill pan has a ‘drop-off’ that will not allow liquids to spill back out
- Recessed and replaceable rubber blade that contours itself to uneven surfaces, ensuring liquids do not find their way under the pan
- Foot rest which allows the pan to be held firmly in place
- 116.8cm Cleaning wand handle, providing cleaning without bending.

RAPID RESPONSE CONE
Another new product from SYR
the true innovators in cleaning

The super speedy all-in-one cost-effective solution for emergency spillages!

Our tall mobile safety cone and mop combo gets to the point of spillage fast. Simply grab it and go for safer floors.

Safety Cone - Highly visible wet floor safety warning sign printed on 4 sides. Light and easy to transport with easy glide castors which lets you roll the cone into place. Tool holders/clips at bottom and top of cone allow you to keep the whole system together to help resolve spillages fast and to make storage afterwards easier.

SYR Recommends

Rapid Mop

The bucketless mop system with an internal 480ml reservoir in the handle that sprays water ahead of the mop. 40cm wide.

Dry Mop

100% microfibre with rapid absorption to safely dry floors leaving zero residue, eliminating the risk of slips and falls. 40cm wide.

Mops and handles not included, for display purposes only

SUMA AUTODOSED MACHINE DISHWASH LIQUIDS

Machine Dishwashing

The Suma Machine Ware Washing System offers a complete range of highly efficient, cost-effective products together with a choice of accurate dosing systems designed to cater for even the most specific needs. The full range of detergents and rinse aids guarantees the best solution for any water hardness, and soil type and on any kind of tableware.

The liquid range can either be used in large kitchens, where 20 litre containers give good economy in use or, in locations that have limited space, 5 litre bottles are better suited.

CONCENTRATED MANUAL DISHWASHING

The Suma System

The Suma System D1-D10 is a comprehensive range of quality products and systems designed to ensure hygienic cleaning throughout the professional kitchen. All products are highly concentrated with the most effective formulations available giving a sparkling, hygienically clean kitchen.

- Suma Star D1**
- Hand dishwashing liquid
 - Concentrated formula gives excellent economy in use
 - Cuts through grease and dried on food

- K2 Suma Shine**
- Powder destainer/presoaker formulated for removal of stubborn stains from cups and crockery
 - Removes stubborn tannin stains
 - Also suitable for soaking of plastic materials

- Suma Star D1 Plus**
- Highly concentrated hand dishwashing liquid
 - Cuts through grease and dried on food
 - Streak-free, easy rinsing for a superior finish

- Suma Stat D1 Plus Bac**
- Highly concentrated hand dishwashing liquid with extra hygiene
 - Cuts through grease and dried on food
 - Contains bactericide to reduce the risk of cross contamination via applicator

- Suma Multi D2**
- Concentrated all- purpose detergent for cleaning hard surfaces, including floors, walls, doors, ceilings and general equipment.
 - Suitable for use on most surfaces, except aluminium
 - Cuts through grease and dried-on food soiling and leaves a sparkling clean surface

Divermite System

For a busy kitchen Diversey supply a range of ultra-concentrated products in 1.5L pouches to fit in their Divermite dispensers. This dosing system dispenses exact shots of concentrate chemical for dilution in refillable bottles. The packaging dramatically reduces waste and is 100% recyclable. Divermite requires no plumbing or electric so you can fit the system in a location that suits.

There are two versions of the Divermite Dispenser

- Divermite S for dispensing into spray bottles or buckets and
- Divermite Plus which dispenses directly into the sink via a directable spout.

CLEANERS & DEGREASERS

SmartDose System

SmartDose is a simple, maintenance free, portable dosing system without the need for any equipment installation. The Smart pump technology is very practical and uses icon based instructions. This makes it possible to vary shot sizes for any of the different cleaning methods including spray cleaning, bucket cleaning or scrubber driers, but requires minimal user training or measuring. And being a closed system, it provides the maximum level of safety and cost control.

SmartDose Suma Multipurpose D2.3

- General purpose cleaner suitable for hand dishwashing, floors, glass cleaning etc

SmartDose Suma Bac D10

- Cleaner disinfectant for food surfaces. Effective against a wide spectrum of micro-organisms helping to improve hygiene security.

Cleaners & Degreasers - Diversey

Ref.	Product Name	Product Code	Pack Size

WHOEVER SAID 350 INTO 1
DOESN'T GO, OBVIOUSLY DIDN'T
CONCENTRATE.

NOW, THINK SIMPLER,
THINK SAFER THINK SMARTER.

Now think SmartDose, the super-concentrated portable dosing
Cleaning Solution system

Amazingly each 1.4L dosing bottle is the equivalent of 350 ready-to-use trigger
bottles, so think dramatic reduction in waste packaging, less chemical over-dosing,
greater versatility and more cost effectiveness.

SmartDose. Concentrated thinking from Diversey.

ALUMINIUM FOIL/CLING FILM/BAKING PARCHMENT

Wrapmaster Duo

The brand new Wrapmaster Duo, our latest innovation, can dispense two types of material at the same time or can be used for large volume users of one material.

The Duo takes up 40% less space than using two traditional dispensers.

The Wrapmaster can dispense:

- Cling Film
- Foil
- Parchment
- Non-Stick Foil
- Foil Lined Parchment
- Roasting Film

Aluminium Foil/Cling Film/Baking Parchment - Clean and Clever

CLING FILM AND BAKING PARCHMENT

Wrapmaster Dispensers

The Wrapmaster dispenser ensures effortless dispensing with a perfect tangle free cut every time. Available for both cling film or foil, this cutting system is safe and efficient.

- Safe and easy to use
- Completely enclosed patented cutting mechanism
- Grips hold of the film/foil ready for next use
- Hygienic & dishwasher safe
- Cost in use saving – reduced wastage up to 30% and increased productivity

RESPIRATORS & EYE PROTECTION

Respirators

- 3M™ 8710 E Cup Shaped Unvalved Dust / Mist Respirator FFP1
- Conforms to EN149:2001 FFP1 NR D
 - Provides lightweight, comfortable and hygienic respiratory protection against dust
 - Assigned Protection Factor: 4

3M™ 8810, Convex Shaped, Nose Clip and Twin-Strap Design Unvalved Respirator FFP2

- Reliable, effective protection against fine particulates
- Durable collapse resistant inner shell
- Fits a wide range of face sizes
- Comfortable, lightweight off-the-face design
- Blue colour coded straps denoting FFP2
- Assigned Protection Factor: 10
- EN149:2001 FFP2 NR D

3M™ Aura™ 9320+ Fold-Flat Respirator FFP2

- Low Breathing Resistance Filter Technology gives effective filtration for consistent high quality performance.
- Proprietary 3-panel design accommodates facial movement for wearer comfort.
- Individual hygienic packaging helps protect the respirator from contamination before use.
- Smooth inner cover-web and large soft nose foam for greater comfort against the skin
- Even-tensioned straps relieve pressure for a comfortable, secure fit.
- Blue colour coded straps denoting FFP2
- Marked Assigned Protection Factor: 10
- EN149:2001 FFP2 NR D

Eye Protection

3M™ SecureFit™ Spectacle

- Self-adjust to fit a wide array of head shapes and sizes.
- The stylish design weighs just 18g for lightweight comfort.
- Anti-scratch and anti-fog lens coatings.
- Uses 3M™ Pressure Diffusion Temple Technology.

3M™ 2740 Safety Spectacle

- Temple pivots enabling the user to adjust the lens angle providing optimal fit and comfort
- Adjustable temple length offers a secure and comfortable fit to suit individuals
- Anti-scratch and anti-fog coating

3M™ 2840 Safety Spectacle

- Fully inclinable temples with adjustable length for optimal fit
- Soft inner padding on temples offers increased comfort
- Integrated brow guard for increased protection

3M™ 2890 Safety Goggles

- Features a modern slim design
- Suitable for a number of different applications where versatile, comfortable goggles are required
- Acetate lens option provides protection whilst handling chemicals

3M™ Visitor Overspectacles

- Lightweight polycarbonate visitor spectacles
- Moulded sideshields and browguards
- Can be worn on their own or over prescription spectacles
- Ventilated side arms

EAR EAR PROTECTION & FOOTWEARE

Ear Protection

3M™ 1100 (Corded) 3M™ 1100 (Uncorded) Disposable Ear Plugs
Comfortable foam plugs are soft and disposable and offer excellent protection.

- Soft foam offers maximum wearer comfort
- Smooth, dirt-resistant surface
- Tapered design fits most ear canals

3M™ 1271 (Corded) & 3M™ 1261 (Uncorded) Reusable Ear Plugs
3M™ 1271 corded and 3M™ 1261 uncorded reusable plugs come with a unique outer flange design which helps keep the ear plug in place thus improving wearer comfort and helping to ensure protection

- Soft formulation, provides added comfort
- Finger grip design improves ease of insertion
- Storage case with belt clip helps keep plugs convenient, clean and protected when not in use
- Polyester cord helps prevent loss, and ensures product is available when required

3M™ E-A-R 1310 Banded Ear Plugs

- Stylish banded hearing protector
- Innovative flexible band for optimum fit and superior comfort
- Unique rotational flexure offers optimal positioning and easy manipulation
- Soft replaceable plugs are available (3M - 1311)

3M™ E-A-R™ Torque™ PN-01-009 Earplugs

The metallic colouring makes the earplugs look solid, but they are made from ultra-soft foam that provides all day long comfort. The screw 'threads' are moulded into the foam for more than looks, twisting the plug while pushing into the ear canal can achieve an effective seal. Only available corded.

DISINFECTANT WET WIPES

All Sani products are tested and approved to European norms EN1276 bactericidal and efficacy EN1650 fungicidal activity.

Sanisafe Sanitising Blue Wet Wipe
Disinfectant wipes are effective against gram positive and gram negative bacteria, viruses and fungi including H1N1, salmonella, listeria, e-coli, staphylococcus aureas, c-difficile, MRSA, candida albicans, aspergillus niger.

Safeprobe Sanitising Blue Wet Wipes (Pocket Tub)
Probe wipes eliminate cross contamination with a single stroke, killing off all potentially lethal bacteria from passing from one product to another. Ideal for the disinfection of: temperature probes, knife blades, utensils, weighing scales and small surfaces.

Safeprobe Sanitising Blue Wet Wipes
These wipes have been specially developed to have a rapid kill rate with proven efficacy within 30 seconds. Ideal for disinfection of small to medium food preparation surfaces, weighing scales, microwave ovens, utensils.

Safehands
Medium weight wet hand wipe. Ideal for quick and easy sanitising and disinfection of the hands where no ready access to wash facilities exist.

DRY PATIENT WIPES

Conti® Lite - THE ULTIMATE IN VALUE
Conti® Lite provides the most cost-effective option for healthcare professionals, combining strength and performance with a light weight material.

Conti® Standard - A STRONG AND VERSATILE WIPE
Conti® Standard is ideal for everyday use providing a cost-effective wipe that combines strength and performance in a light weight material.

Conti® Soft - THE ORIGINAL SOFT AND ABSORBENT WIPE
Conti® Soft combines softness and absorbency with a more 'textile' feel. Conti® Soft is ideal for everyday cleansing needs and soft enough for use on fragile and sensitive skin.

Conti® SuperSoft - EXTREMELY SOFT, STRONG AND ABSORBENT
Conti® SuperSoft is the ultimate wipe for softness and absorbency. Its softness makes it ideal for cleansing all areas of the body, fragile and sensitive skin.

Conti® Washcloth - SOFT, STRONG AND MACERATOR FRIENDLY
Conti® Washcloth is made from airlaid tissue and is ideal for full body cleansing. Soft, strong and highly absorbent, this wipe lathers well with soap and water and remains durable even when wet. Conti® Washcloth is macerator friendly, and can be disposed of down the macerator without the risk of blockages.

UltraCloth® Flushmee™ - HIGHLY ABSORBENT FLUSHABLE WIPE
UltraCloth® Flushmee™ wipes are highly absorbent, flushable dry wipes designed to replace dry tissue as part of your daily routine

INFECTION CONTROL WIPES

Clinell Universal Sanitising Wipes
Wipes for cleaning and disinfecting hands, surfaces & equipment. Proven to kill 99.999% of germs making the Universal Sanitising Wipes one of the most effective sanitising wipes on the market.

Contains a mix of biocides with different mechanisms of action to prevent bacterial resistance and super bug formation.

- Benefits to the user:
- Can be used on dirty hands (ie soiled hands).
 - Skin safe, no sore or dry hands with frequent use.
 - No damage to surfaces.
 - Ideal for use on stethoscopes, blood pressure cuffs and pulse oximeter probes.
 - Multi-purpose acts as a disinfectant, detergent and hand wipe replacing the need for different types of wipes and surface cleaners.
 - Tested to - European Standard EN1276 and prEN 12054.

Clinell Sporidical Wipes
Proven to kill all micro-organisms including spores making it the most powerful wipe in the world. The only *peracetic acid generating wipe in the world, which is activated just by adding water. (*peracetic acid is the safe alternative to chlorine.)

- Benefits to the user:
- Simple and easy to use - no dilutions needed - increases compliance and reduces errors.
 - Environmentally friendly - breaks down into harmless by-products. No persistent toxic or carcinogenic residuals.
 - No toxic fumes means none of the respiratory effects to staff or patients often found with chlorine products.
 - Ideal to clean up blood and other body fluid spills. Tested to – European Standard EN1276, EN1650, EN13704, EN13727 and EN 14476:2005

Clinisan™ Emollient Skin Cleansing Foam
Clinisan® Emollient Skin Cleansing Foam provides a convenient gentle and effective cleansing system for continence care. Ideal for use with patients with urinary and/or faecal incontinence, Clinisan® gently lifts soiling, whilst cleansing, restoring and moisturising the skin.

- Benefits to the user:
- Convenient pre-packaged solution saves nurse time
 - Quick-drying formulation eliminates friction caused by drying
 - Emollients provide protective barrier allowing skin to recover
 - Minimised risk of IAD and associated costs
 - Often used alongside the market-leading Conti® patient cleansing wipes

AZO RANGE - DISINFECTANT WIPES & SPRAYS

AZOWIPE™ Range
AZOWIPE™ has been widely used within the NHS for over 25 years. Available in either large or medium size canisters, AZOWIPE™ is convenient for use in all clinical environments.

- Product Features and Benefits:*
- Proven to be effective against a variety of organisms - including MRSA
 - Made from viscose rayon nonwoven – strong and durable in use
 - Foil sealed - prevents evaporation in storage
 - Suitable for all hard surfaces - one product from a single source
 - Contains NO preservative - no smearing or streaking when in use
 - Specially designed canister - easy to dispense wipes
 - Available in Spray, Catering and Sterile formats - complete Azowipe range with the same effective formulation

AZOMAX™ Range
AzoMax™ hard surface disinfectant wipes and sprays with detergent have been specifically designed to clean and disinfect in one, saving time and money.

- Product Features and Benefits:*
- Cleans and disinfects in one go so more cost effective & saves time.
 - Alcohol free - non hazardous, non corrosive and non tainting
 - Sprays ideal for cleaning larger surface areas
 - Ideal for use in microbiology, critical care, hospital wards and cleanrooms, on a wide range of surfaces
 - Clinically proven through an independent study.
 - Meets European certification standards EN13704, EN1276, EN1650 and EN1500

AzoDet™ Wipes
A strong but gentle detergent wipe designed to remove dust and dirt from surfaces. This product is ideal for cleaning a variety of surfaces. Use in conjunction with a disinfectant wipe for a complete cleaning and disinfection solution.

Assure Antimicrobial Hand Sanitiser
Assure is an alcohol-free formulation providing simple, safe and effective hand sanitation. It does not irritate the skin or pose other risks associated with alcohol based hand sanitisers and is ideal for healthcare settings where alcohol-free sanitisers are recommended.

SACKHOLDERS & INTERIOR WASTE BINS

Fyrex Sackholders

The Fyrex range of sack holders are designed to comply with Hospital Technical Memorandum No. 16, making them perfect for hospital waste. Available with fixed or removable bodies for ease of cleaning or to trap liquids, the Fyrex range are fire retardant with a self-closing lid to extinguish any potential fire risk. They are also fitted with 2 rear castors for ease of movement.

Stik Sack Holders

The Stik Sack Holder range are made from a strong metal tube and are ideal for any catering, healthcare or recycling environment. Easy to clean, the Stik range can be supplied with sacks to compliment the colour. These pedal operated sack holders, with self-closing lid and rear castors for ease of movement, are ideal for hospital waste.

Wastebasket and Saddle Bin

An easy and effective way to recycle. Saddle bins can be positioned inside or outside for effective recycling. Designed to be used in systems with existing office containers.

Slim Jim Step-On Resin Containers

Fits in the tightest spaces

- Space saving. Small footprint
- Silent lid closure minimises noise level
- Commercial Grade pedal ensures long product lifecycle
- Rigid liner included for End Step containers
- Easy to clean surface
- 90L Front Step containers have built-in wheels

Slim Jim Step-On Metal Container

Aesthetic stainless steel container that fits the tightest spaces

- Space saving. Small footprint
- Silent lid closure minimises noise level
- Commercial Grade pedal ensures long product lifecycle
- Rigid liner included

EXTERIOR WASTE BINS

Wall Hugger Waste Bins

A 90L base unit which can be fitted with either a wall hugger top with a vertical spring loaded flap or the tip top lid with a horizontal gravity swing flap.

Landmark Junior

Ergonomic side access door reduces lifting and back strain. Spring loaded doors trap odours and prevent pest intrusion.

Knight Free Standing Closed Top Bin

Manufactured in high quality steel with an emphasis on vandal resistance and the ability to withstand harsh weather conditions. This bin features top opening, slam lock and galvanised liner. This bin can be bolted down or concreted in for safety.

Wheeled Waste Bin

Our wheeled bins are manufactured in shock resistant polyethylene to EN840, RAL and AFNOR standards to ensure quality and durability.

Grit and Salt Bin

These robust grit and salt bins have a large top access with a 270 degree opening for ease of filling. They are stackable and come with forklift slots for ease of movement.

SMOKING MANAGEMENT & STREET CLEANING

GroundsKeeper Tuscan

- Waste concealment and odour control
- High-capacity ash containment system
- Anchor holes for added security

'Long Arm Mechanical Gripper'

Ideal for picking up litter, cans, bottles, wastepaper etc. Made from aluminium.

Easygrip Mechanical Gripper

Ergonomic handle and grabber claws can be adjusted through 180 degrees for maximum versatility. Soft end claw tips are ideal for picking up hazardous waste such as needles, sharps, glass etc. Made from aluminium.

Extra Sure Mechanical Gripper

One-hand operation for picking up litter, cans, bottles, waste paper, cartons and hazardous needles, sharps and glass. Aluminium shaft, impact resistant plastic grip-head and handle.

Bag Hoop and Wall Bracket

This bin bag hoop is a brilliantly simple, time saving device that is ideal for keeping refuse sacks open. Made from lightweight but strong polycarbonate, it is ideal for litter picking in commercial or home use. The circular design of the hoop and the clipped lid keeps the bin bag open and secure for ease of waste collection.

Street Orderly

A robustly constructed cleaning trolley ideal for daily street cleaning. Constructed from tubular steel and balanced on solid rubber tyres, the Street Orderly is supplied complete with two 120L wheeled bins, large lockable utility box and heavy duty brush and shovel.

RECYCLING MANAGEMENT

Slim Jim Venting Channels

New Slim Jim with Venting Channels makes waste collection more efficient: save time, reduce work strain, and lower labour costs.

Features and Benefits

- **Can Liner Cinches** - Four pull-through holes and can liner cinches eliminate knot tying. Moulded-in handles make lifting and emptying easier
- **Venting Channels** - Patent-pending Venting Channels reduce the pull force required to lift out full can liners
- **Base Grips** - Moulded base grips offer better control during emptying. Moulded-in drag rim on the bottom of the container provides added durability.

Comes with a range of accessories to help promote recycling and improve productivity. The colour coded tops help encourage waste separation and the swing lid conceals waste from view. The Slim Jim Dolly provides easy transportation, and can be linked up multiple Slim Jim containers to reduce collection trips.

Mega Brute Mobile Waste Collector

The Mega Brute Collector is a highly manoeuvrable and versatile waste and linen collection and sorting system. Innovative design features deliver improved productivity and ease of use.

Features and Benefits

- Rear doors allow easy contents removal
- Secures a can liner and flips up for easy access to storage area
- Turns on its own axis and fits in tighter environments
- Sorting options: Holds an optional 87L Slim Jim container for improved waste sortation and recycling
- Optional lid fully covers waste and supplies

RECYCLING MANAGEMENT

Office Recycling Bins

Sleek and modern design, ideal for offices and receptions where recycling bins are on show.

- Available in 3 different recycling options: red, blue and yellow
- These bins can be used on their own or together as a group of 3. The single wheeled bin trolley is designed with a side bolt that secures to the adjacent trolley ensuring they are kept together safely, and are easy to manoeuvre.

Eco Waste Recycling Bins

The low cost solution for workplace waste recycling. Durable and easy-clean polypropylene with reinforced corners and edges. Snap-lock top easily removed for easy access to replace waste bag. Also available in 50L capacity.

Recycling Management - Robert Scott

UK Waste Regulations

Since 1st January 2015, businesses have been required to fully segregate their waste into general and recyclables (paper, plastic, metal and glass) before being put out for collection.

There is no need to separate your Dry Mixed Recycling materials (paper, plastic, metal and glass) from each other but they must be collected separately from other waste such as food.

If you are struggling with your waste recycling obligations, why not let Nationwide Hygiene Group show you our different recycling systems and find you the perfect solution.

3M
3M has a long-standing commitment to sustainable development. Our company's long-term success springs from adopting the principles of stewardship to the environment, contributions to society, and to the creation of the economic value and worth. We recognise that by continuing to be a viable and successful enterprise we continue to be a positive contributor to sustainable development.

DEB
The Deb skin care programme:
As the skin care provider to some of the world's largest companies, we offer unique benefits to support any organisations' sustainability goals.
This one unified programme simplifies skin care and promotes a safer and healthier workplace with cost effective solutions that respect the environment.
Safer and Healthier Workplaces – reduces illness and absence associated with the spread of germs and skin problems
Respect and Environment – Deb's Ecolabel certified products and high efficiency dispensing systems minimise environmental impact.

DIVERSEY
Integrating sustainability throughout our business is the responsibility of all our employees. We have a framework of continuous improvement for this area with customers, with partners, in our communities, in our operations and in our governance.

GOJO
GOJO is the leading global manufacturer and marketer of skin care and hand hygiene solutions for the away-from-home market. GOJO supports your sustainability journey with formulations and packaging designed to make your hand hygiene programme a healthy decision for people, places and the environment.

KIMBERLY CLARK PROFESSIONAL
Kimberly-Clark Professional is committed to sustainability principles in all we do. From design and raw materials sourcing to manufacturing, use and final disposal, we look at the amount of natural resources used in every stage of a product's lifestyle. We understand that the way we use resources today will shape the world of tomorrow.
We call our approach 'REDUCE TODAY, RESPECT TOMORROW'

RUBBERMAID
Rubbermaid offers a wide range of cleaning solutions to help you improve your productivity while reducing your waste. Not only do our cleaning solutions help to increase productivity rates, but they also reduce water and chemical usage, have a longer product lifespan to generate less landfill waste, and are designed and manufactured whenever possible as sustainable products, themselves to be recyclable at the end of their life cycle, therefore helping to further reduce overall environmental impact.

SCA
According to the WWF Environmental Paper Company Index 2011 SCA is the leading company in the 'tissue' category. SCA delivers sustainable solutions with added value for customers based on safe, resource-efficient and environmentally sound sourcing, production and development. We combat climate change and minimise our impact on the environment through a combination of new innovations and technologies, efficiency gains, consumer initiatives and carbon sequestering in our forests. We aim to maximise the benefits our forests have.

VIKAN
Vikan is certified to ISO14001: 2004 environmental management systems. Our environmental policy is driven by our desire to safeguard the health and safety of our employees, our raw materials suppliers worldwide and our customers, and to take an active part in protecting our environment and natural resources that goes beyond international compliance. This includes a responsibility for ensuring international standards of human rights, labour rights and the environment are respected at all times.

VILEDA
The Freudenberg Group and it family shareholders feel a particular commitment towards protecting the environment and ensuring the health and safety of associates. The responsibility is part of Freudenberg's corporate culture and firmly anchored in the Guiding Principles of the Group.

SELDEN
Selden research, the UK's leading independent manufacturer of cleaning chemicals for the commercial cleaning industry and has been awarded an IPPC permit by the Environment Agency - the new Europe-wide gold standard for environmental manufacturing excellence.
The Integrated Pollution Prevention and Control accreditation officially recognises Selden as providing the highest possible levels of protection for the environment, utilising independently audited Best Available Techniques to prevent any possibility of pollution.

650 million people don't have access to safe water. Without this basic service, they have no choice but to drink dirty water that could kill them. 2.3 billion people – one in three – don't have access to a proper toilet so many are forced to go in the open, spreading deadly diseases. Many people are also unaware that good hygiene is a lifesaver.

To transform these lives, we deliver taps and toilets, campaign for change and build the skills of local people. We work with local partners to reach the poorest and most marginalised communities.

We also work with hundreds of partners in civil society and the private sector to deliver water, sanitation and hygiene as well as lobbying governments and change makers across the world to provide all of their citizens with affordable, sustainable services.

Your support makes this vital and lifesaving work possible.
